DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114.

Applicant's submission filed on October 26, 2007 has been entered.

Allowable Subject Matter

2. Claims 28-54 are allowed.

3. The following is an examiner's statement of reasons for allowance: The claims remain allowable for the same reasons given in the previous notice of allowability. The provisional application 60/377,790 discloses on-site size reduction of adsorbents, but does not qualify as prior art because the date it became available to the public is the date of publication of the PG Publication 2003/0206843 (November 6, 2003, see MPEP 2127), and the on-site size reduction is not disclosed in the publication. The provisional application of the instant application provides adequate enablement of the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
